

# Transform Your Business

Partner with the Leading Cloud Hosting Provider  
for Accounting Professionals

At Right Networks we believe accounting can be done so much better in the cloud.

Our team is driven by a desire to help firms of every size, accounting professionals, and SMBs move their critical accounting and business applications into a cloud-connected world where they can be more productive, collaborate more effectively, and scale with ease.

## On-the-Go Access

Access the desktop software and applications that you rely on every day, like QuickBooks Desktop, securely from anywhere on any device.

## Automatic Updates

Rest easy knowing that we handle all software updates and security patches for you, with no scheduled downtime, so you can focus on what matters most—your business.

## Collaborate Seamlessly

Share information with clients and peers in the cloud, maximizing productivity. Collaborate on the same QuickBooks files in real time, from anywhere.

## Peace of Mind

Your data is stored in the same Tier 4 data centers used by big banks and multinational corporations, so your data is always protected, secure, and easily accessible.

## Application Ecosystem

We bridge the gap between legacy and full online solutions with a cloud-connected ecosystem of **250+ best-in-class** accounting and business applications.

## Time Back in Your Day

When you put the applications that power your business in the cloud, you and your team can easily access files and work smarter together, putting more time back into your busy day.

Join the more than 150,000 users that trust us to deliver their business-critical applications in the cloud every day.
